

STURMANSKIE

THE FIRST IN SPACE

Yuri Gagarin took the Sturmanskie watch, made by special order, into space on April 12, 1961. In weightlessness the watch worked flawlessly.

Since 1961 the Sturmanskie have been the official watch of the Soviet and Russian cosmonauts, which helped in difficult situations, withstanding severe tests in zero gravity, magnetic fields, extreme shocks, vibrations and temperatures

WARRANTY AND MANUFACTURER INFO

The manufacturer warranty period is valid for 12 months from the purchase date. In each country of sale the legal, country-specific guarantee conditions apply. The customer shall not have any claim under this warranty if:

- the watch does not have warranty card;
- the watch has been repaired by unauthorized service center or person;
- the watch is not used in accordance with the Instructions supplied in this User's Manual.

The Warranty does not cover the watch-case, crystal, band, bracelet and packing. If hidden faults are detected during the warranty period, the watch can be repaired at the warranty watch service shop marked by your local distributor. The right for warranty service is provided by the guarantee certificate attached to the given warranty-card of your watch. The claims on watch replacement or repayment are satisfied upon submission of the certificate from the guarantee service.
